

Helping employees engage in a healthier lifestyle

Meet Wellos — a personalized wellness solution

Workforce health may have an impact on productivity and health care costs. And more and more employees are ready to focus on their personal well-being. Wellos is a mobile-based wellness solution designed to engage employees and encourage healthy and sustainable behavior changes.

This single app experience is tailored to the employee's health goals. It offers daily content and support for nutritional health, emotional well-being and weight management. As individuals engage with the app, it adapts alongside them — evolving content and topics, and unlocking more customized experiences.
